

15,000 PAINTERS IDLE AND LEADERS URGE ORDERLINESS

Expectation Is That Within
Twenty-four Hours Number
of Idle Men Will Double.

HURTS BOSSES WORSE.

Work Contracted for Needs
Skilled Decorators; No Fear
of Strikebreakers.

The work of redecorating hundreds of homes, particularly in Fifth avenue and in the Riverside Drive section, preparatory to the homecoming of families spending the summer out of town, stopped today when thousands of painters and paperhangers obeyed the order to strike. At the headquarters of the International Painters and Paperhangers' Union, which has called the walkout, it was declared that 15,000 men are idle already and that within twenty-four hours twice that number will have laid down their brushes.

No violence has yet been reported, and the leaders of the strike are doing their utmost to prevent disorder. A thousand pickets are at their posts, may the leaders, but all have implicit instructions to do all they can to prevent trouble. Their instructions are to get every painter and paperhanger out if possible, but only in a peaceable manner. Disorder depletes union treasuries. That is the slogan given the workers.

In the building of the Jewish Daily Forward, No. 15 East Broadway, Max Galt, general chairman of the union, was at the telephone almost constantly today receiving reports of the success of his agents in persuading men not to go to their work today. Toward noon he declared that the strike was well launched and that while many were still at work the entire decorating trade in New York, now at the height of its season, would be a shambles.

LEADERS PLEAD WITH MEN TO KEEP ORDER.

Meetings were held in a dozen halls throughout the greater city for the purpose of informing the men of the object of the strike and the manner in which it was to be conducted. In every instance the speakers pleaded for an orderly walk-out, declaring that only in this way could the object of the strike be accomplished. They also warned the men not to stay at work or return to their tasks upon the promise of the bosses that "everything will be all right." The only way in which the men can be allowed to go back to work is through the signing of union agreements by individual bosses.

After warning the men against violence and any imitation of I. W. W. methods, the speakers implored the workers to remain true to their union and protect their life and health. One of the demands of the union is that the bosses at their own expense provide accident insurance for the men they employ who have to work on scaffolds, hundreds of whom are injured every year, according to labor department statistics.

SAY STRIKE HITS BOSSES WORSE THAN MEN.

In reply to the statement of Leon Meyerson, manager for the United Painters and General Contractors' Association, the most influential of the master painters in the Greater City, that the strike could not last long, Max Galt had several caustic comments to make today. He declared that in spite of the lockout declared by the bosses when they learned of the impending strike, the bosses could not stand the period of idleness any longer than the men. The work contracted for at this time of the year, said Galt, can only be done by all around experienced men, and that talk of bringing strikebreakers to the rescue cannot be taken seriously.

In regard to the alleged weakness of the union because it is not affiliated with the American Federation of Labor, Galt declared it has a large war fund of its own and can pay for more funds from other unions if the strike is prolonged. In support of this he pointed out that the painters loaned \$1,000 to the furriers when their workers were going through a wage and hour dispute. Pickets will be at work all day today and to-night another series of meetings will be held and further plans for prosecuting the strike will be formulated. At the main offices of the bosses, No. 15 Delancey street, no statement regarding the situation was forthcoming today.

SAYS GIRL TOOK HIS MONEY.

Dorothy Lawrence, Released on One Charge, Re-arrested in Court.

Dorothy Lawrence, a tall and handsome blonde, dressed in black, was arraigned in the West Side Court this morning on a charge of attempted suicide. On Aug. 10, it was charged, she took a dose of bichloride of mercury in front of a drug store at Broadway and Forty-second street. At the Policlinic Hospital she was revived and spent the period of her convalescence reading a copy of "Vanity Fair," which she had in her hand when she was arrested.

The charge of attempted suicide was dismissed, but as the girl stepped down she was re-arrested by Detective Quinn on a charge of grand larceny preferred by Charles R. Post of New Rochelle, an automobile man. Mr. Post said in court that on the night of July 27 he encountered the girl at Broadway and One Hundred and Sixth street. He took her for a ride in his car and spent the night at her room in Amsterdam avenue. In the morning the girl was gone. He was \$100 in currency from his pocket and a pocket watch he valued at \$100. This case was fixed for hearing on Thursday, Aug. 28.

CAT AND MOUSE CHASE CAUSE BROKEN LEG

Youth Wants \$10,000 Damages for
Injuries in a Dairy Restaurant.

A pussy cat that wanted to keep up its reputation as a good mouster is held responsible for a \$10,000 damage suit filed in the Supreme Court today by Edmund J. Hill, a clerk, against the Baltimore Dairy Lunch Room on West One Hundred and Sixteenth street. According to Hill, who is sixteen years old, he was partaking of a noon-day meal in the lunchroom three weeks ago when a marble slab standing beside the table at which he was eating fell and crushed his right leg. Investigation revealed that a cat in chasing a mouse across the slab upset it. Pussy caught the mouse all right.

The suit is brought by Mrs. Esther Hill, as guardian ad litem through her attorney, Arthur J. Levine of No. 150 Nassau street.

Attorney Joseph J. Gassman for the lunch company, in an answer to the suit, disclaims all responsibility on behalf of his client.
